

# Alexis Moyer

---

## 2024 Montgomery County Recovery and Resiliency Award Recipient

In August of 2023 after working with Merakey for over 20 years Alexis entered the role of Mental Health Co-Responder with the Lansdale Police. In the few short months she's been working alongside of the LPD, Alexis has become an invaluable addition to the department. Alexis's ability to connect with people is a skill that cannot be taught. Alexis is kind, compassionate, understanding and gentle. She has been able to bridge communication with police and has earned the trust necessary to support those in need.

Alexis has been able to connect people with critical supports including medical, mental health, and drug treatment. Alexis provides not only support linkage but has also been able to assist the LDP with de-escalation techniques in real time, as she is in the field with officers as they respond to calls for service. Alexis prides herself on her ability to hold hope for those who have none for themselves. She often calls people to check in after meeting with them and tends to remain a support person on whom they can count.

Alexis can be seen around town always smiling, whether in the park with the local unhoused making sure they are safe, laughing with someone who was just at a difficult point in life, or transporting someone who otherwise couldn't get to important appointment. She does it all with compassion and happiness. She has been working closely with Manna on Main Street, Your Way Home and other agencies to develop working partnerships. Most recently Alexis has been supporting the North Penn School District with assisting families in gaining additional supports.

If you have been a part of the community for some times, chances are you have heard Alexis's name or have met her, and she left a smile on your face and hope in your heart.
